C.W.F.A CART RACE RULES

GENERAL:

1. The playing field shall be 100' (feet) in length.
2. A team shall consist of (6) people, men and women's teams competing together.
3. There will be (4) runners and (2) riders.
4. All participants must wear protective head gear and closed toe shoes at all times during the race.

JUDGING:

1. There will be (3) judges present during each run. They will be positioned as follows: Judges (1) and (2) will be located at each end of the (80) foot central zone, Judge (3) will be located at or near the Beverage Stand. The judge located at the lead/finish end of the (80) foot central zone will signal the start and finish of the run and will serve as the reporting time for that run. The remaining judges will serve as backup timers and note any penalties occurred during the run.

CONTEST:

1. All (6) participants will start from a predetermined location away from the cart.
2. Upon the signal to start, all contestants proceed to the cart and the positions assigned to them by the team captain. Runners pull the cart and the riders the length of the playing field to a beverage stand. The stand shall hold (6) cups of beverage (to be the choice of and supplied by the participants) containing no less than (8) ounces.
3. Each participant shall consume (1) cup of beverage and then place the empty cup upside down on the beverage stand.
4. Participants return to their position on the cart after drinking and proceed back down the field.
5. The front rider must ring the bell and activate the siren and signal light the entire time the cart is in motion. (All participants must remain on/pulling the cart within the (80) feet central zone).
6. Upon exiting the (80) feet central zone, the rear rider pulls (50) feet of 1½" or 1¾" fire hose from the reel on the back of the cart and connects one end to a

predetermined water supply (pressure of which shall be consistent throughout the contests and be no greater than 70 PSI).

7. The front rider removes a straight Bore Nozzle (gated or non-gated but to be the same for all contests) from the storage box on the cart and connects it to the other end of the 1½" or 1¾" fire hose previously laid. The front rider calls for the line to be charged and attempts to knock a target ball off a (3) foot stand (25) feet from the tip of the nozzle (with the hose stretched to its full length).
8. The lead end judge signals the end of the run when the ball hits the ground after being knocked off the stand with water pressure.
9. The best time of two runs will be used.

PENALTIES:

1. A (5) second penalty will be added to the run time if the front rider fails to ring the bell or activate the siren and signal light in either direction (possible 10 second penalty).
2. A (5) second penalty will be added for each beverage cup not completely drunk.
3. A (5) second penalty will be added for each beverage cup not returned to the beverage stand. **Note: If the beverage stand is knocked over during the run, a (30) second penalty will be added. If the stand is not picked up and the cups returned to the stand an additional (30) second penalty will be added.**
4. A (5) second penalty will be added each time a rider is off the cart within the (80) foot central zone.
5. A (5) second penalty will be added for each dropped helmet.
6. A (5) second penalty will be added each time a runner is not in contact with the cart within the (80) foot central zone.

A Blanket Injury Waiver Must Be Signed Prior To Competing In Any International Event (As Stated In The Constitution And By-Laws).

4. Gear can be put on in any order.
5. Boots and pants can be already assembled.
6. Helmet is to be secured with strap.
7. All straps, buttons, snaps, velcro, etc. must be secured properly.
8. The judges will inspect gear prior to your run to check compliance with the NFPA standards.
9. Maximum number of participants from each C.W.F.A. member is **unlimited**.

TIMING:

Time will start when Judge #1 blows the whistle. Then the competitor will don their gear. When the competitor is finished he will raise his/her arms and time will stop. After raising arms, they must stay up until judge tells you to lower them.

There will be two runs per competitor. The timekeepers will take the average of the two times. The timekeepers will then use the best time of the two runs.

GENERAL INFORMATION:

Once the whistle blows the competitor will begin donning their gear. Once they are finished they will hold up their arms. Judges will stop timing at this point.

PENALTIES

1. A ten second penalty if any competitor pulls down arms before the judges allow them to do so.
2. Disqualification if any alterations are made by competitor after he/she has raised arms.
3. A five second penalty for any snap, button, strap, Velcro, etc. that is found to be unsecured. A competitor will be allowed three of these violations before they are disqualified.

JUDGES:

JUDGE #1: Will blow whistle when competition is to start and time one contestant.

JUDGE #2,3 & 4: Will be timekeepers for one contestant per round.

After the competitor raises their arms, each judge will be responsible for checking the proper donning of the gear of their contestant.

HOSE LINE COMPETITION

This contest is designed to show the skills needed to make a quick connection to a hydrant, connecting two sections of hose together, and connecting a nozzle to a hose line.

RULES:

1. Teams must consist of four firefighters.
2. A women's team will not compete against a men's team. A women's contest can be ran following the same rules as the men's competition.
3. All team members must wear approved structure firefighting gloves, protective head gear, and closed toe shoes at all times during the race.
4. Teams will consist of one hydrant person, two hose coupling persons and one nozzle person.
5. Hose must consist of three sections of 2 1/2" cotton jacketed hose. Each section must be 50 feet in length. The nozzle must be a 2 1/2" play pipe.
6. Hose will be laid straight out from the 2 1/2" discharge of the hydrant.
7. First female coupling will lie next to the hydrant.
8. The male coupling of first section of hose will lie next to female coupling of second section of hose.
9. The male coupling of second section of hose will lie next to female coupling of third section of hose.
11. The 2 1/2" play pipe will lie next to the male coupling of the third section of hose.
12. The cap on the 2 1/2" discharge of the hydrant will be hand tight.
13. All connections must be hand tight.
14. Starting line is even with the hydrant.
15. Finish line is 160' from hydrant.
16. Nozzle person must pull hose tight once all connections are made and then lay the nozzle down.

TIMING: Time will start when Judge #1 blows whistle. Then the hose is connected to the hydrant. The three sections of hose are connected together and the nozzle is connected to the hose. Time stops when the last team member crosses the finish line. There will be two runs per team. At the end of each run the judges will use the average time of the two stopwatches. The best time of the two runs will be the official time.

GENERAL INFORMATION:

Once the whistle blows the four team members will run to their position and complete their task. Hydrant person connects hose to hydrant. The two coupling people will go to their respective couplings and make their connection. The nozzle person will connect the nozzle to the hose and then pull hose tight. Then the nozzle person will lay the hose down. As each team member completes their job they will run across finish line.

PENALTIES:

1. Ten second penalties for each connection that is not hand tight.
2. Ten second penalty if nozzle person does not stretch hose tight.
3. The team's run will be disqualified if any coupling comes loose when hose is pulled tight.

JUDGES:

JUDGE #1: Will blow whistle when competition is to start.

JUDGE #2 & 3: Will be timekeepers.

The two timekeepers will be in position at finish line and will start timing when whistle blows. Time will stop when the last team member crosses the finish line. Timekeepers will compare stopwatches and take the average time between watches.

RULE CHANGES FOR CHILDREN'S HOSE COMPETITION: (OPTIONAL)

1. 1 3/4" hose will be used in place of the 2 1/2" hose.
2. Gloves will not be required.
3. 1 1/2" straight tip nozzle will be used.

All teams will be sponsored by a C.W.F.A. member department. All children must be twelve years and under. All team members must have a waiver signed by a legal guardian.

3. Grass fire, rescue, and special purpose trucks will not be acceptable.
4. The team will consist of a maximum of six members. Each team will determine where their members ride.
5. **ALL** persons must wear protecting clothing in this competition and is defined as:
 - A) Protective approved fireman's helmet with chin-strap fastened.
 - B) Approved fireman's coat closed and fastened.
 - C) Approved fireman's boots.
 - D) Approved Bunker pants
 - E) Gloves approved for the fire service. (The engineer is exempted)
 - F) Firefighting hood
6. The nozzle will be lying on the rear step of the vehicle. (2 1/2" with 3/4" straight tip)
7. The connections must be hand tight and must not leak. (Quick connects not permitted.)
8. The steamer cap must be tight as in day to day operating.
9. Hard suction must be connected to the eye of the pump. (No pony suction hook-up, etc.)
10. Any team losing control of the line (i.e., free line), crossing the foul line or intentionally spraying spectators will be disqualified.
11. Team captains from each team will meet with officials prior to start of the competition to check in for the contest. Only teams registered before 9:00 a.m. deadline will be permitted to enter the contest.
12. The 200' of 2 1/2" hose used in this Competition must be connected to the balance of the hose load prior to the start of the competition, and not on top of the tarp.

13. The pump must be drained prior to each run.
14. The hose bed tarps must either be removed or rolled-up prior to inspection.

TIMING:

Time will start when the vehicle comes to a complete stop after crossing the "start line". Connect the suction hose to the pump. Lay out 200' of 2 1/2" hose from the hose bed (not on top of the tarp). Disconnect at the point and tie in to a discharge on the driver's side of the vehicle. The nozzle is to be attached, line charged, using water from draft (75 PSI - no flow) and the target struck for the time to be stopped. No pre-set pressure.

There will be two runs per team and the score keeper will use the best time.

GENERAL INFORMATION:

1. The pumper must stop across start line for time to start (will permit safer dismounting and lessen the chance of vehicle damage). A foul will be declared if truck does not stop completely before team dismounts.
2. Judge will sound whistle when rear wheels cross start line. Team will dismount after truck comes to a complete stop.

4. The suction hose must be carried as in service.
5. A foul will be declared if men are not behind foul line when target is struck.
6. Four judges will be used.
7. Each team shall pull their hose to the side following the evolution to clear the way for the next run.

JUDGES:

JUDGE #1: Will blow whistle when engine's front bumper is even with the dump tank. He will also check for nozzle to be laying on beaver-tail and to be sure the hose is connected to the remaining hose in the bed. He will then watch the hard suction hook-up.

JUDGE #2: Will check for 75 PSI at pump panel before discharge outlet is opened. He will also check for leaks. Leaks are defined as water spraying outward. A drip does not constitute as a leak.

JUDGE #3 & 4: Will be timekeepers. The two timekeepers will be in position at the start line and will start timing when the truck comes to a complete stop. They will then follow through the course to be in position at the target line before the target is struck. Time will stop when the ball is knocked out of the tire. Timekeepers will compare stop watches and take the average time between watches.

4. Patient is to be found in exact position for each competing squad.
5. Squad captain is the only one to talk to the judge(s).
6. Squads are to be kept away from the competition area until called to respond. (Must be a comfortable area.) This prevents an unfair advantage to any one team.
7. Competing squads are not to be in the area of competition until after they have competed. Any member found in the area will cause disqualification of their squad.
8. Host Departments are to be responsible for providing victims for the competition.
9. All equipment will be placed on the patient except equipment that could be harmful such as airways.
10. Vitals will be tagged on the victims. Injuries will be tagged or properly moulaged.
11. Host Departments will be responsible for providing the equipment needed for the scenario for the day.

Criteria for Judging:

1. All categories must be judged, scored and signed. Grade sheets will be mailed - out at a later time.
2. Host Department is responsible for making up judging sheet following these guidelines:
 - Placement of vehicle (easy access)
 - Priority of care (primary and secondary)
 - Application of equipment (backboards, c-collars, etc...)
 - Squad members shall be dressed accordingly (No shorts, sandals etc...)
 - Time limit not to exceed 30 minutes
 - An additional five minutes will be allotted at the end of the exercise for completion of the run sheet and turning it into the judges.
 - If the equipment is not used, the judges will rate the procedure as not being done. (Stethoscope and BP cuff will be used to check blood pressures.)
3. Exercise begins when squad member steps out of vehicle and ends when they are completely ready to pull away.
4. At any time judges are free to ask questions of the squad captains only.
5. Time will be used when breaking a tie score, with the least amount of time being the winner.
6. First, second and third place finishes will be awarded.
7. Judges decision is final.
8. In order to provide the greatest amount of fairness to the competition, the squad competition committee shall make up three scenarios and keep them secret within the committee until the time the competition is to begin. During the business meeting the day of the annual conference, the squad competition committee will draw out one of the three scenarios and that one will be used for the competition that day.

Any member of the CWFA that is in good standing can compete along with their auxiliary. A total of three teams thus being their department can compete with two teams in the Firefighters water ball and the third team (aux) non-firefighters can also compete in the non-firefighters water ball. If the auxiliary is a paid member in good standing they can have a firefighters water ball team and two non-firefighters water ball teams. Example 1; A department is a paid member and auxiliary is also a paid member, They can have three water ball teams from each paid membership

EQUIPMENT:

Standard 15 inch ball of 16 gauge steel, figure #1 ball to be painted yellow, hanger to be painted black. Cable shall be 3/8 inch, 6 strand, hemp center, and regular lay, 12,000 pound breaking strength or better. No greasing of cable. Cable shall be 10 feet above court. Cable shall be made as tight as possible.

The C.W.F.A. does own water ball nozzles that can be rented for water ball events, other than the annual conference. The rental is fifty (\$50.00) dollars for non- CWFA members with twenty-five (\$25.00) being refunded if the nozzles are returned within 2 days from the date of use.

PLAYING FIELD:

Water ball equipment shall be erect on level street or other playing surface of suitable type for secure footing when wet. The "A" frames shall be 110 feet apart. The court shall be 30 feet wide and 110 feet in length. The team, their captain and the contest officials are the only personnel allowed on the court during the contest.

The playing court shall be marked as follows: The center point of the cable shall be marked on equal distance from each end of the playing field. The cable shall be painted 3 feet each way from the center point, a total of six feet. This area is called "dead time."

The 7 ½ feet marked each way from the center shall be marked 2 inches each way or a total of 4 inches of solid marking.

Starting line shall be marked 15 feet in each direction from center point. 2 inches each side painted total 4 inches.

Guard lines shall be marked **40** feet in each direction from the center point. Cable clamps shall be secured to the cable 45 feet in each direction from the center point.

PLAYING RULES/DOUBLE ELIMINATION/ 1 TEAM PER EVENT PER PAID MEMBERSHIP:

A **firefighters** water ball team shall consist of one guard, three field **personnel** (nozzle **person**, back-up **person**, and hose **person**) and one coach. All members **do not need to be from the same department, just the front two nozzle men, They cannot shoot nozzle for more than one team but can shoot backup or coach for another team.**

A **non-firefighters** water ball team shall consist of one guard, three field **personnel**, nozzle **person**, pressure holder can be a man or woman, one hose **person**) and one coach (three of the field **personnel** must be from one department). The coach can either be a male or female. If a male coach, the coach cannot participate in the actual water ball competition, except to simply coach. There may be two coaches per **non-firefighter** team. On the **non-firefighters** team, the nozzle coach shall be 4 feet across from back guard to relay messages from coach. The assistant coach may relay messages from the coach and assist the back guard by holding the hose, but must not make contact with the nozzle. The field personnel are permitted to stand any distance back of the 15 feet starting line at the beginning of the contest. After the contest is started, they are free to maneuver up to the opponents "Dead Time" line. The three field personnel may change position during any three minute heat. Between any heat, any of the five members may change positions. Teams change ends for the second heat of the contest.

The number one nozzle **person** cannot go past dead time box of the opponent. (This is for safety reasons.)The nozzle pressure shall be 90 pounds with both lead nozzles open. The two nozzle **personnel** must cross streams over the ball before the signal to start the contest.

The guard must stay back of the guard line 40 feet from center at all times while the contest is underway. The guard may turn on nozzle when the ball is on the 7 ½ foot mark and must shut it off at the three foot mark from center. All timing and judging shall be done from the center of the ball.

Non-firefighters official game shall consist of two heats, two minutes each. A **firefighters** official game shall consist of two heats, three minutes each. After first heat has been played, second heat is delayed until all teams have played the first heat.

The two teams in the final playoffs shall have a ten minute rest period before the game starts with three minutes rest between heats.

PROTECTIVE GEAR:

Firefighters team and coach shall wear the following:

1. Standard firefighting helmet or safety helmet of their choice.
2. Your choice of footwear (shoes a must).

1. Standard firefighting helmet or safety helmet of their choice.
2. Your Choice of footwear (shoes a must)
3. Standard firefighting coat or rain gear of their choice.

METHOD OF TIMING:

There shall be one starter and two timekeepers, all of who are classified as judges with all judges decisions final.

If the contest is stopped because of trouble with equipment or lack of water, the ball shall be started from where it was when the failure took place.

Fifteen seconds will be credited to the team scoring a goal. A goal is scored by driving the ball into the opponent's territory and against the cable stops 45 feet from the center. The fifteen seconds credit for scoring shall not be counted as playing time. On the completion of a goal, the ball is to be started at the center, using the balance of the three minute heat (men's game) or two minute heat (ladies game).

There is no scoring time kept while the ball is in the "Dead Time" area.

PENALTIES:

Illegal use of guard hose stream, five seconds for each offense.

The **non-firefighters** team will be penalized 20 seconds if nozzle coach moves past four foot line.

For intentionally throwing or dropping the nozzle on the playing field, a team will be disqualified.

Intentional directing of hose streams at opponents shall disqualify the entire team.

Interference of coach or friendly spectators shall disqualify the entire team, at the judge's discretion.

Only the coach or team captain shall contact a judge during any dispute.

Substitution for physical discomfort shall be allowed in the number 3 position (hose person) or in the **non-firefighters** game, number 4 (hose person).

Persons leaving their positions shall be disqualified from the contest.

No other substitutions will be permitted with exception of an injury to a player.

This letter shall indicate that the city, village, township understands that the C.W.F.A. sponsors only the events listed in paragraph 3 of this agreement, and is not responsible for any other activity that occurs prior to, or subsequent to the conference dates.

This letter shall also indicate that the city, village, township acknowledges that the department shall carry liability insurance in the amount of one million dollars (\$1,000,000.00), and that the C.W.F.A. only carries insurance protecting the C.W.F.A. officials and members, and that the C.W.F.A. shall not be liable for any acts of its officials or members, unless it is by gross and wanton negligence. This letter of authorization from the city, village, and township shall be presented to the C.W.F.A. no less than ninety (90) days prior to the conference to be hosted by the department.

8. The department and the city, village, township shall be responsible for crowd control and policing at any C.W.F.A. sponsored event.

9. The department shall furnish facilities for the C.W.F.A. conference meeting.

10. C.W.F.A. shall not be liable for any accidents, damages, or injuries caused to or by members of departments that are members of the C.W.F.A. and are participating in any activity during the conference dates, this includes, but is not limited to C.W.F.A. sponsored events.

11. All parties concerned herein acknowledge that they have read this agreement, understand its terms and conditions without reservation, and further acknowledge that they have received a signed copy of this agreement. All parties hereto further acknowledge that this agreement cannot be changed unless done so in writing and signed by all parties concerned.
